CADAPTER

C-ADAPTER Type Boring Bar Launch

KEY POINT

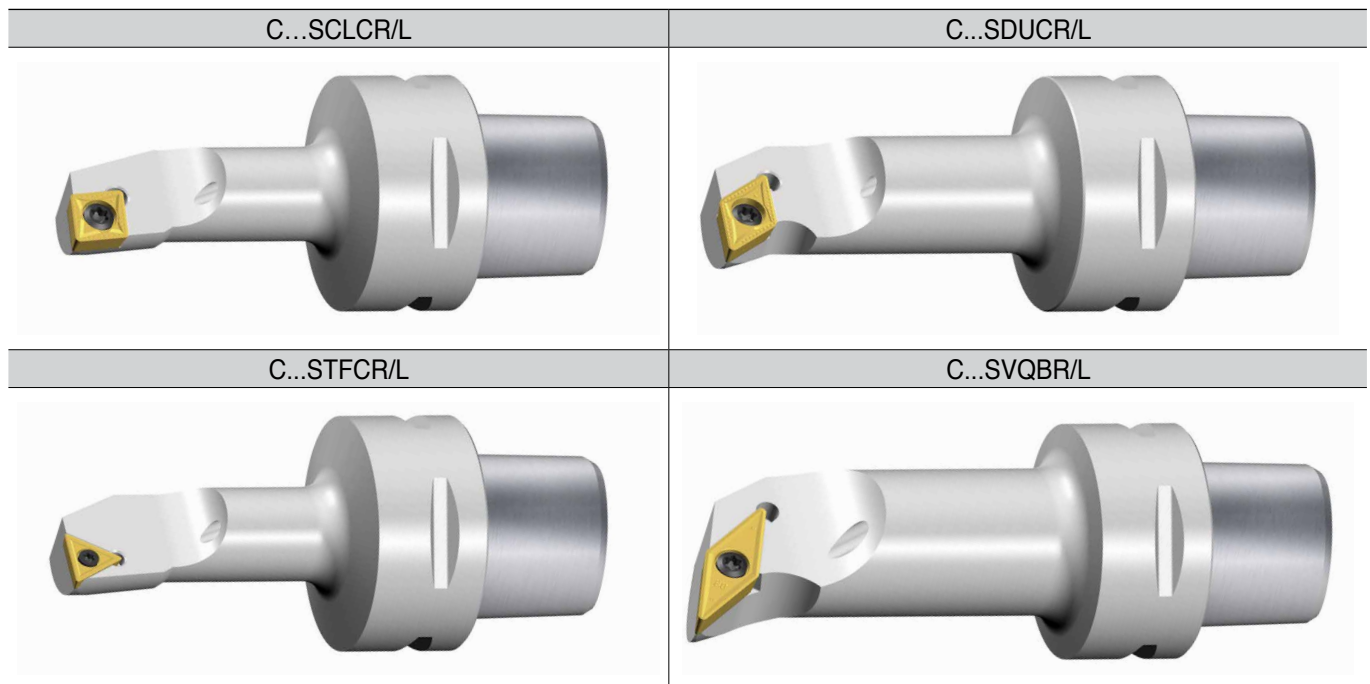

TaeguTec has launched a C-ADAPTER type boring bar to meet diverse needs.

Customers that require enhanced productivity and machining performance can now purchase TaeguTec's most recent quick-changeable C-ADAPTER type boring bar, which uses ISO turning inserts. The targeted coolant delivery to the cutting edge enhances not just productivity and machining performance with the quick-changeable C-ADAPTER, but also tool life and chip control.

Please contact the product manager for more details.

Features

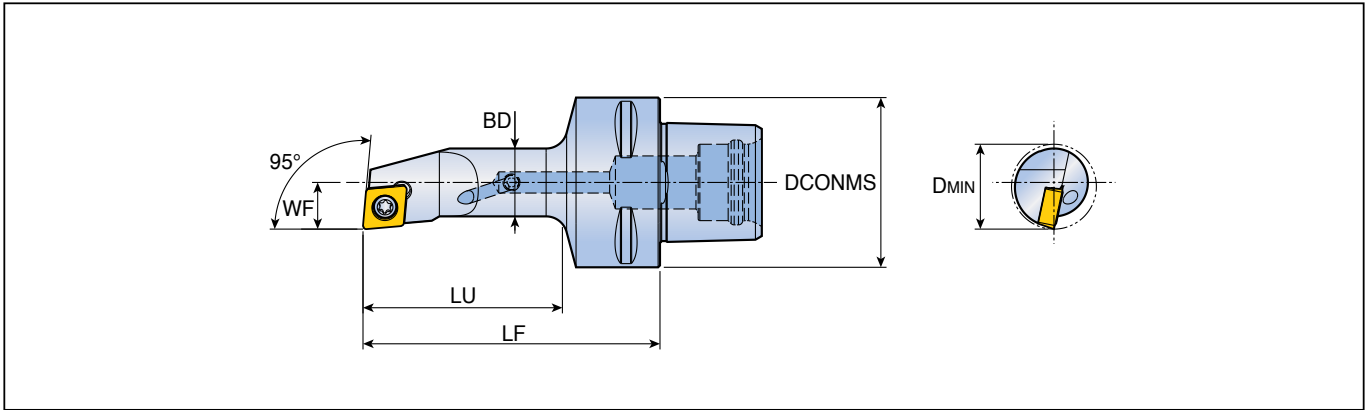

- C-ADAPTER type boring bar for ISO turning inserts
- Quick-changeable C-ADAPTER for improved productivity
- Improved tool life and chip control due to the pinpointed coolant to the cutting edge

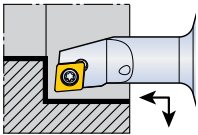

C...SCLCR/L

Screw type boring bar with C-ADAPTER
